“ Dear Moore Girls, Sarah just let me know that your dear mother died. Though our families were close when we were young, your mother's love and support of our mother after her stroke is what I will cherish forever. She drove to Lincoln to visit Mother long after she should have been on the road, and it was lunch with your mother at Nye Plaza that my mother enjoyed on what ended up being her last birthday a few January's ago. During the years following Mother's stroke, your mother kindly called to check up on me from time to time. It was so nice to hear from a "mother figure" after my mother and I switched roles. Your mother was such a dear; I was lucky to have her in my life. Much love, Marcia Kirk
